The Lemba of Zimbabwe are of the priestly line of Aaron, and they are coming to faith in Yeshua in remarkable numbers! God is calling His priests back to Himself! Since our first outreach in 2012, over 30 Messianic congregations have been planted and are growing rapidly. Discipleship and leadership training is producing local leadership that is spreading the Good News through the 12 "houses" of the Lemba tribe. There is so much need among the Lemba. Our clinics provide this rural area with desperately needed medical and dental care, and bring the Gospel of Yeshua through our prayer room. Come along with us and be a part of history-making revival in Zimbabwe!

GUTU, ZIMBABWE

The Lemba are a large population living in many areas of Zimbabwe. We first visited Gutu in 2014, and it was there that we passed an exciting milestone in our ten years of medical outreaches. In Gutu, we treated our 250,000th patient since we began providing free medical and dental care to Lost Tribes of Jewish People around the world. The Lemba have held onto their Jewish heritage and customs for thousands of years apart from any outside influence. They are enthusiastically responding to the Good News of Yeshua. Be there with us, loving and caring for the beautiful ancestors of Aaron! Be a part of God's prophetic gathering of His People back to Himself! Join us in meeting their physical needs and introducing them to their Messiah.

GONDAR, ETHIOPIA

Medical Outreach

JULY 31 - AUGUST 9, 2015

Please call 800-299-9374 for pricing.

To many of the Jewish People who live there, Gondar is a place of dashed dreams and abandoned hopes. The Beta Israel in Gondar are among the poorest of the poor. Thousands of them uprooted their lives from other places in Ethiopia and moved to Gondar with the dream of emigrating to Israel through Israel's *aliyah* program. Many were separated from family in previous mass departures. Last year, Israel ended all sponsored *aliyah* from Ethiopia, leaving thousands in despair of a better life. They need to know they are not forgotten by God. They need the hope of Yeshua. You can be an instrument of hope in their lives. Come with us to Gondar and make a life-changing impact on these precious Jewish People.

Through our Hear O' Israel! Festivals of Jewish Music & Dance we bring Yeshua's Good News to large city centers around the globe each year. Known to draw crowds of thousands, our Festivals bring a spectacular evening filled with professional dramatic, musical, and dance performances depicting the nation of Israel's history. A stirring message is given by Rabbi Jonathan Bernis, who presents Yeshua as the Messiah longed for by the Jewish People. Ukrainian Jews are making aliyah to Israel in record numbers. Join our next Ukraine festival outreach as we reach out to frightened, discouraged Jewish People while there is still time. This is a tremendous undertaking and volunteers are the foundation that makes it successful. We need volunteers for flyer distribution, street evangelism, prayer counseling, line management, and more. A vital role is waiting for you.

Jewish People from the Lost Tribes of Israel are being discovered in many places around the world. We are working on plans for a medical outreach to a brand new location in Africa. More than that, you can bring them the message that their Messiah has come, and He is Yeshua. Join us in this new adventure in sharing the love and Good News of Yeshua to His People who have only recently been identified and "found." We'll keep you posted about our destination when things become finalized.
