

WHO WE ARE

OUR MISSION: “TO THE JEW FIRST AND ALSO THE NATIONS”

The mission of Jewish Voice Ministries International (JVMI) is twofold:

- To proclaim the Gospel “to the Jew first and also to the Nations” (Romans 1:16).
- To equip the Church in understanding the Hebraic roots of Christianity, its responsibility to Israel and to the Jewish People, specifically, helping Believers learn how to share Yeshua (Jesus) with Jewish people.

JVMI proclaims the Good News of the Messiah through a variety of print, online, and media strategies. Our syndicated television program is broadcast to over 575 million homes worldwide. Our global mission outreaches include humanitarian and medical aid as well as large-scale international festivals of Jewish music and dance. Our medical outreaches involve both medical and non-medical team members and every patient is invited to visit our prayer room where the Gospel is shared in one-on-one or small group settings. Our Festivals include a clear Gospel presentation revealing Yeshua as the Messiah foretold in the Old Testament.

OUR HISTORY

In 1967, healing evangelist Louis Kaplan launched a ministry called Jewish Voice Broadcasts. That same year, he started a radio program, which aired for the first time on Christian radio in Phoenix, Arizona. Later, a television program was added which continues to air to this day. Not coincidentally, Israel reclaimed the city of Jerusalem in the 1967 Six-Day War, in fulfillment of a prophecy in Luke 21:24 that directly connects the re-establishment of Jerusalem with the times of the Gentiles being fulfilled.

In 1984, Jonathan Bernis, a Jewish Believer in Yeshua, founded Shema Yisrael Messianic Congregation in Rochester, New York. As the Berlin Wall came down, Jonathan sensed the call of God to take the Gospel to the Former Soviet Union. Massive crowds of people responded, and when Jonathan realized that over half of them were Jewish, he formed Hear O’ Israel! Ministries to continue reaching the throngs of hungry hearts in the region. The venues grew larger and larger, and soon he had to leave New York to pastor the first Messianic Center of St. Petersburg, Russia. There he helped prepare leaders and plant more congregations throughout the area.

Jonathan first met Louis Kaplan and his wife Chira in 1995 when they went to film one of the festival outreaches. When Louis Kaplan died in 1998, Jonathan was called upon to take up the mantle of leadership for Jewish Voice Broadcasts. The two ministries merged in 2001, becoming Jewish Voice Ministries International—now a multi-faceted ministry bringing the Good News of Israel’s Messiah to Jewish people and Gentiles alike all across the globe.

WHAT WE DO & WHY

Jewish Voice Ministries brings the Good News – the Gospel – of Yeshua to people who are Jewish according to the flesh. That is, those who are descendants of Abraham through Isaac, whether through the blood line of the mother or father. We help them understand that those who place their faith in Israel's *Messiah Yeshua* (Jesus) will never disown or separate themselves from their Jewish race and Judaic heritage. On the contrary, they remain sons and daughters of Israel.

Why reach the Jewish People with the Good News of Yeshua the Messiah? The Gospel is for everyone, but when it comes to sharing it, we have found that the Jewish People are one of the most neglected people groups.

Many Gentile (non-Jewish) Christians wrongly believe that the Jewish People have their own path to God and don't need Yeshua for salvation. This couldn't be further from the truth! Not only do the Jewish People need the Messiah for salvation like everyone else, but Romans 1:16 tells us that the Gospel is "to the Jew first."

For I am not ashamed of the Gospel, because it is the power of God that brings salvation to everyone who believes: first to the Jew, then to the Gentile.

—Romans 1:16

Not all Jewish people reject Yeshua (Jesus) as the Messiah. The truth is, many of them have no idea who He really is. We know that *Christ* is simply the Greek word for *Messiah*, but sadly, when a Jewish person hears the name "Jesus Christ," they think "the God of the Christians" rather than the Jewish Messiah, the Savior of the world.

Only about 10 percent of the Jewish community is orthodox and actively studies Scripture. The truth is, most Jewish people have never even read the Bible.

As we share with them key Scriptures of Messianic prophecy—such as Isaiah 53 and Jeremiah 31:31-33—we witness the miracle of Jewish people accepting Yeshua as their Messiah. When the scales fall off their eyes, we hear many of them say, "Why didn't anyone ever show me this before?"

We at Jewish Voice believe that we are nearing the return of the Messiah. The Land of Israel has been returned to the Jewish People, and God continues to gather His People back to the Land from the four corners of the Earth. On top of these, Jewish people are coming to faith in Yeshua in increasing numbers. Right before our eyes we are seeing End Time prophecy being fulfilled in our own day.

It is Jewish Voice's vision to take the Gospel "to the Jew first." We focus our medical clinics in impoverished, and often persecuted, Jewish communities in Ethiopia, Zimbabwe, and other locations. We focus our Festivals in worldwide city centers that have a large concentration of Jewish people. We give aid to and share the Good News with any who come to us, but it is the Jewish population that draws us to each of our locations.

It is truly exciting to be a part of introducing God's Chosen People to their Messiah, Yeshua! You can be a part of this exciting move of God by joining us on one (or more!) of our outreaches where we share the love and hope of Yeshua HaMashiach (Jesus the Messiah) "to the Jew first."

WHERE WE GO

Medical Outreaches

Several times a year, Jewish Voice and teams of fantastic outreach partners offer desperately needed, free medical and dental care to poverty-stricken Jewish communities in developing nations such as Ethiopia and Zimbabwe, and elsewhere. We also distribute water filtration devices and educate the people about the importance of clean water and hygiene to help reduce the spread of disease.

These groups of Jewish people are part of the scattered Tribes of Israel, and the impact these medical clinics have is life-changing. We treat an average of nearly 9,000 patients on each medical mission trip. But our medical outreaches offer more than physical healing.

Patients are also invited into our prayer room where they have the opportunity to receive compassionate prayer and hear the Gospel of Yeshua (Jesus). In this way, we have welcomed thousands into God's kingdom. The prayer ministry of our outreaches provides **a unique opportunity for non-medical outreach partners** to participate in our medical outreaches. Other non-medical roles include line management, patient registration, and administration, all of which are vital to the outreach.

The heartbeat of our outreach ministry is changed lives. Yours will be changed, too. Your smile, touch, skill, and heart can make an eternal difference. We'd love to have you come along. There's a place waiting for you!

Hear O' Israel! Festivals of Jewish Music & Dance

Hear O' Israel! Festivals of Music & Dance bring a spectacular event of professional dramatic, musical, and dance performances depicting the nation of Israel's history. Known to draw crowds of thousands, our festivals take the Gosepl to large city centers around the globe in places with large Jewish populations. At each performance, Messianic Rabbi Jonathan Bernis gives a stirring message that presents Yeshua as the Messiah who Jewish people have longed for and who came to set us free from the guilt of our sin. Over the years, more than a quarter of a million people have come to faith in Yeshua!

Holocaust Survivors

There are approximately 180,000 Holocaust survivors living in Israel today, and their numbers are dwindling every day. Many of them are living below the poverty line with meager incomes often forcing them to choose between food and medication. After all they've endured in their lives, it's a joy to be a part of providing them with dental care and eyeglasses that would otherwise be well out of their reach. Jewish Voice conducts clinics in Israel to help ease the final years of these precious survivors.

Congregation and Leadership Development

After a medical outreach, we leave behind hundreds of new Believers. Jewish Voice is committed to discipling new Believers and training up young leaders in the places where we minister. Over the years, we have helped establish and develop new congregations in Ethiopia and Zimbabwe that are thriving and multiplying. With regular leadership conferences in these countries, we continue strengthening leaders and supporting congregational development.

2017 OUTREACH PARTNERSHIPS

In 2017, we look forward to the many works God will do, and we ask that you will prayerfully consider being His voice with us as a group of medical and non-medical volunteers to go to the scattered Tribes and their neighbors in Ethiopia and Zimbabwe on one of our medical outreaches.

Currently, we are in need of doctors (generalists, specialists, and surgeons), ophthalmologists, opticians, optometrists, registered nurses, dermatologists, pharmacists, dentists, and dental hygienists to go with us to treat those who desperately need medical care. Additionally, we will need other non-medical volunteers to help with line security, patient registration, and prayer.
