

WHO WE ARE

OUR VISION: “TO TRANSFORM LIVES AND SEE ALL ISRAEL SAVED”

The mission of Jewish Voice Ministries International (JVMI) is to **proclaim the Gospel, grow the Messianic Jewish community and engage the Church concerning Israel and the Jewish people**. Our vision is to **transform lives and see all Israel saved**. JVMI proclaims the Good News of the Messiah through a variety of print, online and media strategies. Our syndicated television program is received by more than 1.6 billion homes worldwide. Our Global Outreaches include humanitarian and medical aid as well as large-scale international festivals of Jewish music and dance. Our Medical Outreaches involve both medical and non-medical team members, and every patient has the opportunity to pray and receive Yeshua (Jesus) as their Messiah. Our festivals include a clear Gospel presentation revealing Yeshua as the Messiah foretold in the Old Testament.

OUR HISTORY

In 1967, healing evangelist **Louis Kaplan** launched a radio program called Jewish Voice Broadcasts, airing for the first time on Christian radio in Phoenix, Arizona. Later, a television program was added which is produced weekly to this day. Not coincidentally, Israel reclaimed the city of Jerusalem in the 1967 Six-Day War, in fulfillment of a prophecy in Luke 21:24 that directly connects the re-establishment of Jerusalem with the times of the Gentiles being fulfilled.

In 1984, **Jonathan Bernis**, a Jewish Believer in Yeshua (Jesus), founded Shema Yisrael Messianic Congregation in Rochester, New York. As the Berlin Wall came down, Jonathan sensed the call of God to take the Gospel to the former Soviet Union. Massive crowds of people responded, and when Jonathan realized that over half of them were Jewish, he formed **Hear O' Israel! Ministries** to continue reaching the throngs of hungry hearts in the region. The venues grew larger and larger, and soon he was called to leave New York to found and pastor the first Messianic Center of St. Petersburg, Russia. There he helped prepare leaders and planted more congregations throughout the area.

Jonathan first met Louis Kaplan and his wife Chira in the early 1990s when they went to film one of the Festival Outreaches. Jonathan was called upon to take up the mantle of leadership for Jewish Voice Broadcasts in 1998 after Louis Kaplan suffered a devastating stroke. Kaplan passed away in 1999, and the two ministries merged in 2001, becoming Jewish Voice Ministries International – now a multi-faceted ministry bringing the Good News of Israel's Messiah to Jewish people and Gentiles alike all across the globe.

WHAT WE DO & WHY

Jewish Voice Ministries International brings the Good News – the Gospel – of Yeshua (Jesus) to people who are Jewish according to the flesh. That is, those who are descendants of Abraham through Isaac, whether through the blood line of the mother or father. We help them understand that those who place their faith in Israel's **Messiah Yeshua** will never disown or separate themselves from their Jewish race and Judaic heritage. On the contrary, they remain sons and daughters of Israel.

Why reach the Jewish people with the Good News? The Gospel is for everyone, but when it comes to sharing it, we have found that the Jewish people are one of the most neglected people groups.

Yet Romans 1:16 tells us that the Gospel is "to the Jew first." That's why Jewish Voice's core purpose is to **transform lives and see all Israel saved**. Our Global Outreaches bring Jewish people desperately needed medical assistance – life-saving medicines, surgery and clean water – but, most importantly, the Good News of Yeshua, their long-awaited Jewish Messiah.

For I am not ashamed of the Gospel, because it is the power of God that brings salvation to everyone who believes: first to the Jew, then to the Gentile.

—Romans 1:16

Not all Jewish people reject Yeshua (Jesus) as the Messiah. The truth is, many of them have no idea who He really is. We know that *Christ* is simply the Greek word for *Messiah*, but sadly, when a Jewish person hears the name "Jesus Christ," they think "the God of the Christians" rather than the Jewish Messiah, the Savior of the world.

As we share with them key Scriptures of Messianic prophecy – such as Isaiah 53 and Jeremiah 31:31–33 – we witness the miracle of Jewish people accepting Yeshua as their Messiah. When the scales fall off their eyes, we hear many of them say, "Why didn't anyone ever show me this before?"

It is Jewish Voice's vision to take the Gospel "to the Jew first." We focus our Medical Clinics in impoverished, and often persecuted, Jewish communities in Ethiopia, Zimbabwe and other locations. We present our Festivals in worldwide city centers that have a large concentration of Jewish people. We give aid to and share the Good News with any who come to us, but it is the Jewish population that draws us to each of our locations.

It is truly exhilarating to be a part of introducing God's chosen people to their Messiah, Yeshua! **You can participate in this exciting move of God by joining us on one (or more!) of our Outreaches where we share the love and hope of Yeshua HaMashiach (Jesus the Messiah) "to the Jew first."**

WHERE WE GO

Medical Outreaches

Several times a year, Jewish Voice and teams of fantastic Outreach Partners offer desperately needed, free medical and dental care to Jewish communities in need in developing nations such as Ethiopia, Zimbabwe and elsewhere. We also distribute water filtration devices and educate the people about the importance of clean water and hygiene to help reduce the spread of disease.

These groups of Jewish people are part of the “Lost Tribes of Israel,” and the impact these Medical Clinics have is life-changing. We typically treat an average of 10,000 patients on each medical mission trip. But our Medical Outreaches offer more than physical healing.

Patients are given the opportunity to receive compassionate prayer and hear the Gospel of Yeshua (Jesus). In this way, we have welcomed thousands into God's kingdom. The prayer ministry of our Outreaches provides a unique opportunity for non-medical people to participate in our Medical Outreaches. Other non-medical roles include line managers, department coordinators and department assistants, all of which are vital.

Hear O' Israel! Festivals of Jewish Music & Dance

Hear O' Israel! Festivals of Jewish Music & Dance bring a spectacular event of professional dramatic, musical and dance performances depicting the Nation of Israel's history. Known to draw crowds of thousands, our Festivals take the Gospel to large city centers around the globe in places with sizable Jewish populations. At each performance, Rabbi Jonathan Bernis gives a stirring message that presents Yeshua as the Messiah who Jewish people have longed for and who came to set us free from the guilt of our sin. Over the years, more than a quarter of a million people have come to faith in Yeshua at our Festivals!

Holocaust Survivors

There are approximately 180,000 Holocaust survivors living in Israel today, and their numbers are dwindling every day. Many of them live below the poverty line with meager incomes often forcing them to choose between food and medication. After all they've endured in their lives, it's a joy to be a part of providing them with dental care and eyeglasses that would otherwise be well out of their reach. Jewish Voice conducts Clinics in Israel to help ease the final years of these precious survivors.

Congregation and Leadership Development

After a Medical Outreach, we typically leave behind hundreds of new Believers. Jewish Voice is committed to discipling new Believers and training up young leaders in the places where we minister. Over the years, we have helped establish and develop new congregations in Ethiopia and Zimbabwe that are thriving and multiplying. With regular leadership conferences in these countries, we continue strengthening leaders and supporting congregational development.
