JEWISH VOICE MINISTRIES INTERNATIONAL

IMPACT REPORT

Message From Jonathan

As I reflect on 2025, I am filled with gratitude for you. Your generosity made a profound impact in the lives of Jewish people and their neighbors across the globe.

In Africa, you provided medical care to tens of thousands of people, relieving pain, restoring sight, and saving lives. You strengthened Messianic congregations to disciple new Believers and to continue spreading the Gospel throughout their communities.

In Israel, you brought hope and relief during another challenging year, providing humanitarian relief, trauma counseling, and spiritual support.

What's more, you helped fight the battle against antisemitism as well as expand our reach to Spanish-speaking communities online.

Most importantly, your support provided the greatest gift of all – the Good News of Yeshua (Jesus). Thousands of Jewish people and their neighbors heard the message of Yeshua because of you. And many accepted Him as the Messiah.

Thank you for your prayers, compassion, and generosity. You make an incredible difference.

FAITH COMES BY HEARING *HOW YOU IMPACTED LIVES IN MALAWI*

"Please," the woman implored. "My mother can't get out of bed. Please come to our home." Medical team members on our Malawi Medical Outreach visited the woman. They cared for her injury and prayed for her. The next day, they returned and found her up and walking with crutches. It was the first time she'd been up in months.

They checked on her throughout the week and shared the Gospel with the family. She asked us for a Bible, and we delivered an audio Bible the next day. While showing the family how to use the solar-powered device, curious Muslim men who had gathered outside the mosque behind her house came over. They stood intrigued, listening to the Bible for some time.

Another man, Jewish Lemba by heritage but Muslim by faith, visited our Spiritual Care Ministry. He heard the Good News of Yeshua and accepted Him as Messiah. The next day, his brother came and also accepted the Lord. Both men received audio Bibles.

Imagine the ongoing opportunities for these individuals, their families, and neighbors to hear God's Word and Yeshua's Good News. If you hadn't sent us to Malawi, these incredible encounters wouldn't have happened. Thank you!

MIRIAM IN SOUTH AFRICA ***GOD USED YOU TO DELIVER A MIRACLE***

Wincing in pain. Unable to walk. Sitting in a wheelchair. That's how we first saw Miriam in the Spiritual Care Ministry tent of our South Africa Medical Outreach last year. Outreach Partners prayed fervently for her, and God miraculously healed Miriam. The woman who couldn't walk now danced! And she couldn't stop singing, "There's no one like Jesus! There's no one like Him! I've looked. I've searched, and I couldn't find anyone as good as Him!"

When she left, team members offered to escort her out in the wheelchair she entered in, but she refused. She didn't need it anymore. Jesus had healed her. Partners gave her a rolled-up blanket, reminiscent of Jesus telling the man from Mark 2:11 to "take up your mat and go home." Miriam walked pain-free out of the prayer room on legs that earlier would not function without overwhelming pain. Her son returned the next day to tell us his mother felt even better than she had the day before. Praise God!

Thank you for your generosity, which enabled us to provide both physical and spiritual care in South Africa and five other countries in 2025.

Jewish Voice Ministries International

SHARING THE GOOD NEWS OF YESHUA IN *SPANISH*

Around 500 million people speak Spanish as their first language. In 2025, we were thrilled to launch our website and two social media channels in Spanish. Spanish speakers can go to our home page at jewishvoice.org, click the drop-down arrow next to the flag icon, then select Español for access to our entire website in Spanish. They can also find Jewish Voice en Español on Facebook at facebook.com/jewishvoiceenespanol and Instagram instagram.com/vozjudia.

SHARING THE GOOD NEWS OF YESHUA AT *AMFEST*

Jewish Voice had the opportunity to participate in Turning Point USA's AmericaFest December conference in Phoenix. After the assassination of Turning Point's Charlie Kirk in September, his pro-Israel, pro-Gospel positions spread throughout the world. We booked a space and took a team – not for political reasons, but for the Gospel, for sharing God's heart for Israel, and for making a clear case against antisemitism.

Through your faithful giving to Jewish Voice, you made it possible for us to seize this opportunity and put together the resources for a dynamic booth to engage young people, influencers, and high-profile figures alike.

SHARING THE GOOD NEWS OF YESHUA IN *ISRAEL*

Your generosity blessed Israeli lives through our partner ministries. You helped provide tangible aid, emotional counseling, and spiritual hope to people still reeling from two years of war and the trauma of October 7, 2023. Healing will take time, but because of your support, our partner ministries will be there for those in need.

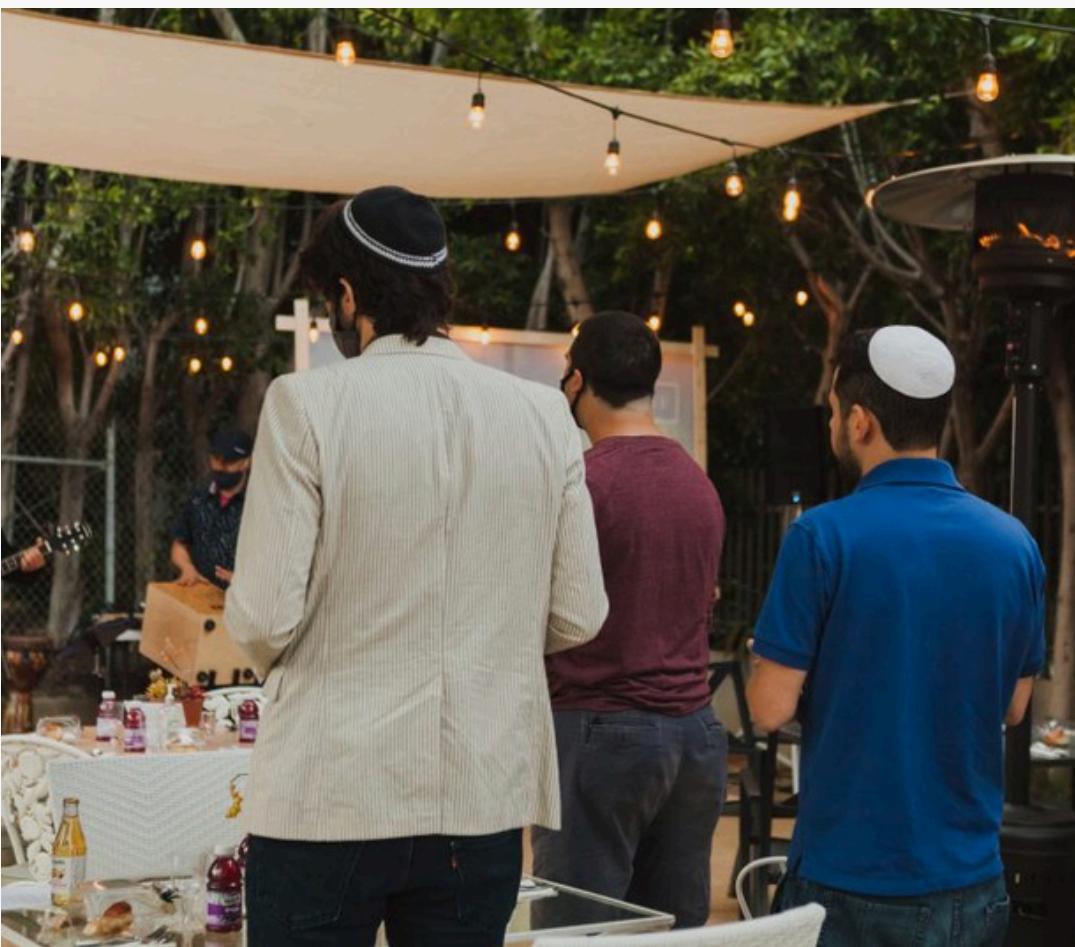

Speaking of “being there,” in 2025, crews broke ground in Jerusalem for an office building that will eventually house Jewish Voice’s Israel headquarters. Construction will take a few years, and we are eager to plant permanent roots in the Land of Israel. Once there, with your help, we can expand our reach to minister the love of Yeshua (Jesus) to Israelis.

SHARING THE GOOD NEWS OF YESHUA IN *LOS ANGELES*

Heritage LA is a ministry to reach the third-largest Jewish population center in the world – Los Angeles – with the Good News of Yeshua. In the heart of LA, the Heritage community is a warm and welcoming place for interfaith couples, Gen Z-ers, secular Jews, Christians with Jewish parents, and Jewish people from all religious backgrounds. Here, they're finding a safe place to connect and explore biblical truth together. Heritage has weekly in-home Shabbat groups, and about 100 people attend their monthly Community Shabbat Dinners. In 2025, Heritage launched an internship program, and their holiday services saw an average of 170 people in attendance – many of them younger people, aged 18 to 35. At the end of the year, Heritage was also following up with 55 Jewish people.

Thank you!
