

A CALL TO PRAYER

End Coronavirus this Passover

God of Abraham, Isaac, and Jacob,

We remember this Passover the deliverance of Your people Israel from the house of bondage with a mighty hand and an outstretched arm. With the blood of the lamb applied to the doorposts of their houses, You delivered the Children of Israel from the plague of death. The deliverance of Israel demonstrated Your power and Your glory to the nations throughout the generations.

Tonight, we remember Your deliverance and appeal to Your might in our days and at this moment.

We acknowledge our wicked ways before You. We turn from them, and humbly repent. We plead the blood of Jesus (Yeshua), our Passover Lamb, over our sins and the sins of our nation. We beseech you, Lord, forgive us please, for You are ever ready to forgive those who put their trust in You.

With full confidence in Your goodness and Your almighty power, we, Your people, plead the blood of Jesus (Yeshua), the Lamb of God who came to take away the sins of the world, over our families, our households, our nation, and all the nations – Spare us please! Deliver us please! Heal us please!

This Passover we ask that You stretch out Your mighty hand, in the Name of Your Son, to deliver us from and end the plague of coronavirus that Your healing be made known among all nations.

We ask this that Your Name be glorified and be made known in the world which you have created.

Amen
